HALLOWEEN ACTIVITIES

Upper Elementary Activities

This resource contains math activities, a reading passage, a STEM challenge and logic challenges. All activities are fall themed including Halloween costume shopping, a pumpkin patch passage, a pumpkin wagon STEM challenge are more! Use these activities in the weeks or days leading up to Halloween to inject a little academic rigor into your holiday lesson plans for your upper elementary students!

What's Included?

Can your students make their way out of the Haunted House exhibit in under 45 minutes? This Digital Classroom Escape is an interactive activity which promotes peer collaboration and problem solving. Cryptic messages, challenges, and puzzles combine to create the perfect blend of learning and fun! Google Classroom is not required- you just need the internet!

What's Included?

This resource includes 10 Halloween themed math printables. These printables are aligned to standards with an engaging holiday look! The best part is that it's easy prep for you during a hectic time of year.
