## 4.NBT.5 & 4.NBT.6 Multi-Step Task Cards

Ingrid has \$123 in her bank. She plans to spend \$45 on her mom's birthday present next week. She also will be babysitting for 3 different families, each paying her \$72 a day. If she babysits for the 3 families twice each, how much money will she have in her bank account?

#1

## 4.NBT.5 & 4.NBT.6 Multi-Step Task Cards

Henry has 146 marbles. His brother Peter has 124 marbles. If they put their collection together and divide the marbles up equally, how much will each child get?

#2

## 4.NBT.5 & 4.NBT.6 Multi-Step Task Cards

A local farm has crates of apples, each weighing 12 pounds. They also have crates of strawberries, weighing at 9 pounds each. If they send 18 crates of apples and 27 crates of strawberries to a grocery store, how many pounds will they ship?

#3

## 4.NBT.5 & 4.NBT.6 Multi-Step Task Cards

Costco just received a shipment of 65 units of shampoo. Each unit has 18 packages and each package has 3 bottles of shampoo. How many bottles of shampoo did Costco receive?
