4.OA.5 - Pattern Task Cards

Jennifer had a ham sandwich two days ago for lunch. Yesterday, she had a peanut butter and jelly sandwich. Today she had peanut butter and jelly again. If she repeats this pattern what type of sandwich will Jennifer eat on the 10th day?

#1

4.OA.5 - Pattern Task Cards

A group of friends went out for ice cream. Will's sundae had 54 sprinkles on top. Phil's sundae had 65 sprinkles on top, and Mary's sundae had 76 sprinkles. If this pattern continues how many sprinkles will Jessica's sundae have?

#2

4.OA.5 - Pattern Task Cards

Beverly Elementary students wear uniforms. On Monday, Aubrey wore a pink shirt, Tuesday she wore a red shirt, Wednesday and Thursday she wore a blue shirt, and Friday she wore a pink shirt again. If Monday was September 1st and this weekly pattern continues, what color shirt will she wear on September 17th?

#3

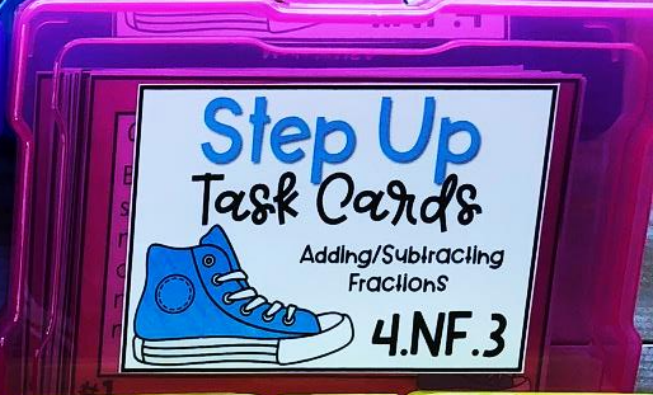

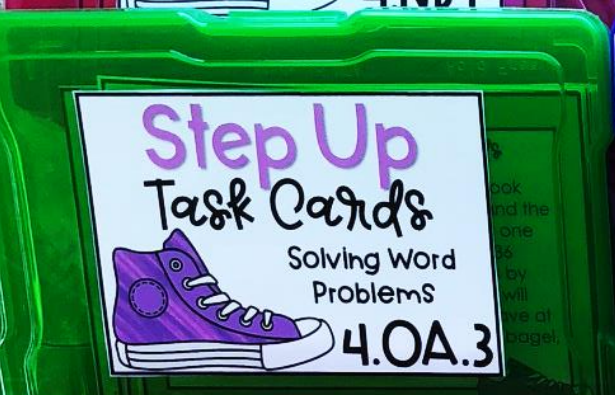

4.OA.5 - Pattern Task Cards

Gage sold 19 cupcakes on Saturday during a fundraiser. He sold 15 more cupcakes on Sunday and 11 cupcakes on Monday. If this pattern continues, how many cupcakes will he sell on Tuesday?
